Fasit Our story

Welcome to Fasit. We exist to provide solutions to our customers that address your shrink needs. Having worked with some of the leading retailers and consumer goods companies over the last ten years, we understand the balance between maximising sales opportunities through attractive, open merchandising and the need to protect the product from theft, in a simple and cost effective way.

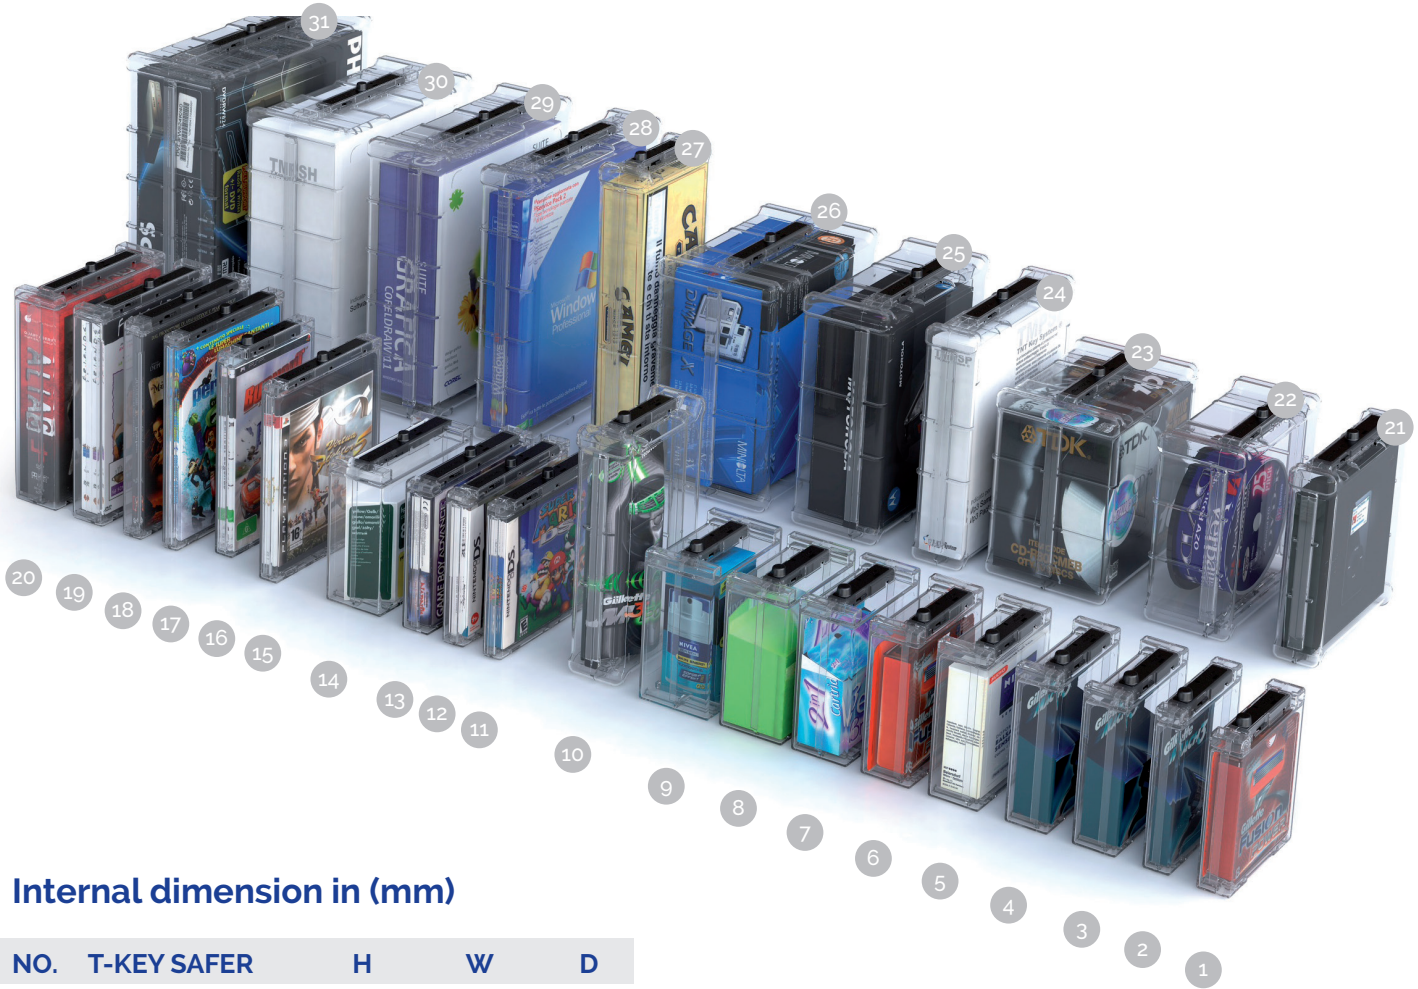

From health and beauty and high-end wine and spirits all the way through to USB cards and meat, we have a full range of innovative solutions, which with European sourcing deliver quick lead times and a fast payback on investment.

Protecting your products

- Focused solely on loss prevention solutions
- Ability to customize to meet our client's individual needs
- Suite of own and 3rd party products for all high risk categories
- Intelligent solutions that balance open sales with loss prevention
- Top tier retail and consumer goods clients

Internal dimension in (mm)

CYLINDRICAL	H	∅
CYS	115	54
CYM	150	54
CYL	225	54

Bottle Safer Cases High Level Security

Bottle safer cases are an effective solution for high end still and sparkling wines and spirits. The cases come in various shapes and sizes including cylinders and rectangles so that they can secure even the most exotic of bottle shapes and packaging. Furthermore, as a case they protect what is often a giftable, luxury product from any damage caused by customer inspection and ensure, particularly important for champagne the integrity of the cork and any covering foil.

Internal dimension in (mm)

BOTTLE SAFER	H	W	Ø
SQUARE	275	120	140
HEX-L	310	-	98
HEX-XL	330	-	98

Bottle Collars High Level Security

Where it is deemed important for customers to be able to inspect the product, bottle collars are an effective solution, possessing most of the advantages and security characteristics of the safer cases but in a more open format. They are available in either a simple collar around the bottle neck or as spine with an adjustable height. Options for a covered cap or ring ensures that this safer is suitable for the widest range of bottle shapes and sizes.

Our Bottle Security Products are available in
RF & or AM frequencies
& Standard or Super Lock

Internal dimension in (mm)

BOTTLE COLLAR	H	BASE/TOP
BOTTLE	155-275	x Ø 94.5 - Ø 41.8
BOTTLE COVERED	254-374	x Ø 44.5 - Ø 41.8

Bottle Security Caps Medium Level Security

Bottle caps provide product protection while allowing the customer maximum access to the product. In addition they offer the most space efficient solution at minimal cost, whilst preventing tampering and damage to the bottles. Quick and easy to apply, and remove at till point.

Our Bottle Security Products are available in
RF & or AM frequencies
& Standard or Super Lock

BOTTLE CAP

SIZE 1	Suitable for standard wine/spirits
SIZE 2	Champagne
SIZE 3	Jack Daniels

Can Security Caps Medium Level Security

Safer Shell®

A new and innovative Fasit designed solution, which maximises visual merchandising attractiveness and shelf space efficiency, whilst retaining the ability for customers to get up close to the merchandise. Unlike some other products the safer shell can be easily and cost effectively customised to exactly fit a product's dimensions. Safer Shells® are particularly suited to health and beauty products where visual merchandising is so important.

- Suitable for cosmetics, health and beauty fragrance, electrical items and gift sets
- Optimised shelf space with the ability to stack
- High quality material for maximum transparency
- 360 degree display
- Stackable both on shelf and whilst being stored
- Usable with standard range of tags
- Made from recyclable material
- Typically reusable although there is the potential for a bespoke disposable safer shell
- Available in all sizes and bespoke additional dimensions
- Can be applied at source
- Protects packaging
- Prevents tampering

Clip Tags

We can supply at highly competitive pricing a comprehensive range of clips, a new and innovative product, suitable for securing pouches for goods such as coffee and protein drinks and can also be used for protecting meat, deli products, cleaning tablets and powders. Product is very secure, being made of ferrite, and the clip unable to be forced out.

Strap Wrap

A new product designed by Fasit. The strap wrap is an effective and highly cost effective shrink solution and an obvious alternative to the more expensive and complex spiders. Its elegant and unimposing design makes it a natural solution for any larger boxed items. Furthermore they prevent tampering and damage to the packaging.

Spiders & Wraps

We can supply at highly competitive pricing a comprehensive range of spiders and wraps to include two and three alarming, mini, RF and AM, versions. Available in different cable lengths.

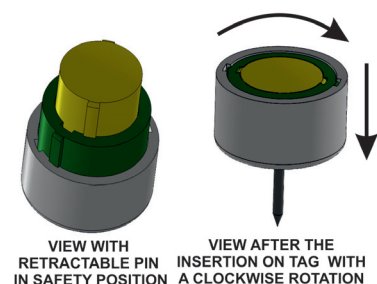

Tags & Labels

In addition to the industry standard soft and hard tags which we offer at very competitive rates, we can provide tag solutions for jewellery, glasses, shoes, cans, deli packs and much, much more. Just call us with your challenge and see what we can suggest.

Pinless Tags

Our pinless tag has been developed to prevent the accidents and injuries experienced with conventional pins and tags. The safety mechanism within the product ensures that the pin automatically retracts into safety position when not in use. It is compatible with standard AM/RF tags and detachers in the market.

We're happy to help

As an innovative and owner managed company we are always keen to discuss shrink issues with all current and prospective clients. We have a can do attitude and if one of our existing shrink solutions is not suitable we have considerable experience and expertise in designing bespoke solutions, which meet your needs, while still delivering a fast payback on investment.

Need a sample?

Give us a call, we can supply samples of all of our products.

Want a trial?

We are confident in our solutions and regularly arrange product trials ahead of full rollout.

Not found what your looking for?

One of our strengths is working with our clients to create bespoke solutions. We also have an extensive range of shrink solutions across all major product categories. If you are not sure what you need or can't find it in our brochure please do not hesitate to call and we will work with you to find the best solution.

Looking for a wider shrink outsourcing solution?

We now offer a complete solution with Fasit providing not only the product protection ranges but field staff across the country who will go into each store and replenish secured stock, re merchandise the displays and ensure compliance with the planograms.
